Student Answer Sheet

1. Newton's First Law states that an object remains at rest or in uniform motion unless acted upon by an external force.

2. Ohm's Law states that voltage is directly proportional to current. Formula: V = IR.

3. Kinetic Energy is the energy possessed by a body due to motion. Formula: KE = 1/2 mv^2.

4. Acceleration is the rate of change of velocity with respect to time.
